- representative of the operating costs of the school
- supportive of our not-for profit status, meaning all profits are invested back into the school.
- In line with industry standards/levels for Independent schools in Victoria
- set at a level that allows for the ongoing management, and growth of the school.

Fee Amounts

Fee amounts are set out in a schedule of fees published by the School from time to time.

Fees are set at the end of a school year for the next school year and Parents/Guardians are advised in writing of changes to fees. The School reserves the right to adjust any Fee during the course of the year.

Types of Fees

Enrolment Bond

If requested, payable to confirm enrolment in the School.

The School will determine requirement for an Enrolment Bond primarily based on the level of demand for the limited places at the School. Failure to pay the enrolment bond in a timely manner may result in place offered benign secured by an alternative student.

The Enrolment Bond is an interest free deposit of an amount advised by the school from time to time. It will be credited towards a student's first term fees and is otherwise non-refundable.

Tuition Fees

Payable to cover the education expenses of the Student.

Tuition Fees are charged in four instalments, in advance of each term.

Any new student starting during a term will be liable to pay a pro-rata rate of the Tuition Fee for the term in which they commenced at the School.

Fee to assist with the building maintenance and renewal requirements of the School. The Maintenance Fee will be invoiced with the term 3 school fee invoice.

Other

Additional sums may be payable to cover additional services (eg, School Bus) or specialist classes or opportunities that the school facilitates for a Student. Such sums will only be charged following separate agreement with Parents/Guardians.

Fee Principles

1. Invoices are to be paid in full by the due date stated in the Invoice, unless an alternative payment arrangement has been authorised by the Principal. Any alternative payment arrangement that is authorised by the Principal will require that all outstanding fees for a school year are paid in full at the latest by the end of October of that school year. Where the Principal

authorises an alternative payment arrangement, the Principal may require Parents/Guardians to enter into a direct debit arrangement with the School for the payment of Tuition Fees.

2. If Tuition Fees are not paid by the date due for payment, the School will provide reasonable opportunity for the payment default to be remedied, and if not remedied within the extension period provided the School reserves the right to ask the Student not attend school until resolution of outstanding Tuition Fees is reached.

3. Should a Student withdraw from the School, that portion of the Tuition Fees paid that are in excess of the required notice period will be refunded.

4. Where a Student is absent from the School for a term or more due to prolonged illness or injury, Tuition Fees paid for the term in which the Student's absence commenced are not refundable however some form of fee remission may apply for any other Tuition Fees paid in advance. Whilst the School does not guarantee fee remission in all circumstances, the level of remission will be determined by a number of factors including the length of absence, the nature and level of ongoing support provided by the School for the Student's ongoing learning and wellbeing and the need to maintain the overall viability of the School's operations. All requests for fee reduction due to such circumstances must be made in writing to the Principal.

5. Prompt payment of fees reduces administration costs and contributes to good planning, management and opportunities across the school community. In fairness to all Parents/Guardians who pay their fees regularly and on time, the School will follow up on all overdue school fee accounts.
